Information in accordance with Regulation (EU) 2016/679 (General Data Protection Regulation)

In accordance with the provisions outlined in Regulation (EU) 2016/679 (General Data Protection Regulation), you are hereby informed that the personal date you have provided, or that has been acquired through Centro Fiera S.p.A., Deutsche Messe AG and Hannover Fairs International GmbH activities, co-organisers of REAS, shall be processed in respect of, and in compliance with, the explicit provisions in the afore-mentioned Code. The processing of this data, which may be performed by electronic, manual or printed means (e.g. publication of photographs in brochures, etc.), shall be for the following purposes:
1. The fulfilment of contractual and legal obligations connected to the interested party's participation as exhibitor or partner at REAS organized by Centro Fiera S.p.A., Deutsche Messe AG and Hannover Fairs International GmbH.
2. The organizational management of trade show REAS by Centro Fiera S.p.A., Deutsche Messe AG and Hannover Fairs International GmbH, for example, production of personal identity badges for security purposes, statistical processing of aggregate data, planning, communication to third parties that collaborate in the creation and management of events (e.g. other trade show organizers, suppliers, consultants, etc.), insertion of personal data in the Official Catalogue and Show Map, which shall be distributed nationally and internationally. In this case, some data may be also be collected through pre-registration procedures (on-line or printed) or by persons authorized by us before entering the trade show area.
3. Profiling, customer loyalty development and the sending of commercial and promotional communications regarding Centro Fiera S.p.A., Deutsche Messe AG and Hannover Fairs International GmbH activities by e-mail, text message, mms, fax , telephone calls and direct sales as well as for other marketing purposes (e.g. market analysis and surveys).
4. Profiling, the sending of commercial, promotional and advertising communications concerning the products and services of Centro Fiera S.p.A., Deutsche Messe AG and Hannover Fairs International GmbH third party partners (organizers, exhibitors, trade show operators or persons operating in other sectors) interested in proposing advantageous commercial offers concerning Centro Fiera S.p.A., Deutsche Messe AG and Hannover Fairs International GmbH shows and exhibitions, by e-mail, text message, mms, fax or telephone calls. For these purposes, the data may also be communicated or transferred to these subjects so that they can use them directly in their commercial communications. Data processing refers to data collection, registration, organization, conservation, processing, modification, selection, extraction, comparison and re-classification into homogeneous economic categories, usage, interconnection, blockage, communication and divulgation. Processing duration shall be proportionate to the purposes pursued on a case by case basis. Providing Centro Fiera S.p.A., Deutsche Messe AG and Hannover Fairs International GmbH with data is always optional. Nevertheless, if - as often occurs in relation to those who intend to request a participation proposal and/or to participate as exhibitor or partner at the trade shows - the data concerned in this data-provision option need to be processed by Centro Fiera S.p.A., Deutsche Messe AG and Hannover Fairs International GmbH in order to correctly fulfil a regulatory or contractual obligation, as well as to comply to the interested party's requests (purposes foreseen in point 1), said data must be provided. In fact, any non-provision of said data would make it impossible for Centro Fiera S.p.A., Deutsche Messe AG and Hannover Fairs International GmbH to supply the contractual services that you have requested and/or to fulfil the legal obligations deriving from installing relations with you. Therefore, it would be practically impossible to send you a participation proposal and allow you to take part in the trade show, enter the Exhibition Area and use our services, etc. For the purposes outlined in point 1, however, consent to data processing is never necessary (in that, art. 24 of Leg. Dec. 196/2003, exonerates Centro Fiera S.p.A., Deutsche Messe AG and Hannover Fairs International GmbH from the obligation to request it). We would hereby point out that "providing data" refers to material made available by the interested parties in favour of Centro Fiera S.p.A., Deutsche Messe AG and Hannover Fairs International GmbH, therefore it is not the same as "consent" to processing said data for the purposes described in points 2, 3 and 4. The interested party that provides data (having read this communication), is presumed to have given tacit consent only to the fact that these data are to be processed for the purposes outlined in point 1. If, however, the data are processed for the reasons outlined in point 2, consent is optional, although any lack of consent shall make it impossible for Centro Fiera S.p.A., Deutsche Messe AG and Hannover Fairs International GmbH to carry out the relative processing and, in some cases, to execute the services required by the interested party. Therefore, should the interested party intend to receive a participation proposal and/ or to participate in the trade show, we recommend giving explicit consent to data processing for the purposes outlined in point 2 and not just to providing data. If, however, data processing is for the purposes outlined in points 3 and 4, consent is optional and any non-provision of said data shall not lead to the non-execution of the services required by the interested party. However, it shall make it impossible for Centro Fiera S.p.A., Deutsche Messe AG and Hannover Fairs International GmbH to perform the relative processing (e.g. to use an e-mail address or mobile phone number for sending promotional messages). Data collected for the purposes outlined in point 1 may be transmitted to: companies which, on behalf of Centro Fiera S.p.A., Deutsche Messe AG and Hannover Fairs International GmbH, provide IT system and database management and maintenance services, companies sub-contracted through tenders/assignments on behalf of Centro Fiera S.p.A., Deutsche Messe AG and Hannover Fairs International GmbH, which perform indispensable services for participation (e.g. the installation and management of fittings and equipment, logistics, security, surveillance, first aid services, hostesses, etc.). Data processing by these subjects shall be for the same purposes and in the same modalities as those described above. Furthermore, Centro Fiera S.p.A., Deutsche Messe AG and Hannover Fairs International GmbH also hereby gives notification that, for the duration of the trade shows or events that it organizes, authorized photographers and/ or video-makers may film and/or take photographs for documentation and promotion purposes to be used on the show websites and their corresponding social network profiles (e.g. Twitter, Facebook, Whatsapp, Youtube, Vimeo, etc). The photographs and videos published shall regard trade show activities, which are to be considered as shows or events of a public nature and, as such, shall not contain any information for which the explicit consent of the subject in the film or photograph is required. If the person concerned does not wish to be photographed or filmed, he/she is kindly asked to inform the persons in charge at the time of photograph or film shooting. The persons photographed or filmed do, however, have the right to ask for the removal or cancellation of databases from the company website and/or the above-mentioned platforms by sending an e-mail to: info@centrofiera.it. In this case, Centro Fiera S.p.A., Deutsche Messe AG and Hannover Fairs International GmbH shall promptly remove the material. Data collected for the purposes outlined in points 2 and 3, which may be acquired on-site by operators authorized by Centro Fiera S.p.A., Deutsche Messe AG and Hannover Fairs International GmbH, may be communicated to photographers and/or video-makers appointed to create the materials, companies that work in the post-production of audio and video materials, journalists and journalistic newspapers and magazines, companies appointed to carry out marketing analysis, advertising, communication and/or public relations agencies, companies commissioned to print advertising or promotional material, website production companies, web-marketing companies and other subjects implemented in the creation and/or maintenance of promotional materials, information technology system maintenance companies engaged for data processing, as well as any third party commercial partners with which Centro Fiera S.p.A., Deutsche Messe AG and Hannover Fairs International GmbH share the above promotional initiatives or with whom it organizes shows and events, as well as, through catalogues, exhibitors and/or visitors at trade shows organised by Centro Fiera S.p.A., Deutsche Messe AG and Hannover Fairs International GmbH, also in collaboration with third party partners. Data communication shall follow the principles of proportionality and therefore be limited, on a case by case basis, to the necessary. The above subjects shall process the materials and data for the same purposes as described above. You are also hereby informed that article 7 of the afore-mentioned Code recognises a number of rights in favour of the interested party, including: to obtain information about the existence of the data that regards him/her and their communication in an intelligible form; to obtain their cancellation, their anonymous transformation or blockage, their updating, rectification or, if interested, their integration, as well as the certification that these operations have been notified to the entities to whom the data were communicated; to object, on legitimate grounds, to the processing of said data, even if relevant to the purpose of the collection; to object to processing for marketing purposes (profiling, commercial communications, market researches and analysis). These rights may be exercised by writing an e-mail to: reas@centrofiera.it. The Data Controllers are: Centro Fiera S.p.A., with registered offices in Montichiari, via Brescia, 129 and enrolled on the Brescia Company Register at no. 333445; Deutsche Messe AG with registered offices in Hannover, Messegelände, 30521; Hannover Fairs International with registered offices in Milano, via Paleocapa, 1. A list of those in charge of data processing can be requested from the Data Controllers.

CONSENT REGULATION (EU) 2016/679
(GENERAL DATA PROTECTION REGULATION)

I declare to have read and understood the information in Regulation (EU) 2016/679 (General Data Protection Regulation) and to give my consent for organizational management purposes of the trade shows promoted by Centro Fiera S.p.A., Deutsche Messe AG and Hannover Fairs International GmbH for which some data may be collected, also by on-line or printed pre-registration procedures, or on-site by your authorized operators before entering into the trade show area (purposes outlined in point 2)

→ ◯ I agree ◯ I do not agree

as well as to data processing for the purposes of profiling, customer loyalty development and direct marketing (the carrying out of market research, commercial, promotional and advertising communications with offers of goods and services by post, telephone, automated calling systems, fax, e-mail, text message, mms) relating to Centro Fiera S.p.A., Deutsche Messe AG and Hannover Fairs International GmbH activities (purposes outlined in point 3)

→ ◯ I agree ◯ I do not agree

and also to data processing for the purposes of profiling, customer loyalty development and direct marketing (the carrying out of market research, commercial, promotional and advertising communications with offers of goods and services by post, telephone, automated calling systems, fax, e-mail, text message, mms) by Centro Fiera S.p.A., Deutsche Messe AG and Hannover Fairs International GmbH third party partners (organizers, exhibitors, persons involved in trade shows or operating in other sectors) and inherent to their activities. For this purpose, the data may be communicated and/or transferred to third parties for sending commercial communications and for the relative data processing (purposes outlined in point 4).

Art. 1
The REAS International Exhibition for Rescue, Fire Fighting, Disaster Relief and Security 2027 will be held at Centro Fiera of Montichiari (BS), Via Brescia 129, from the 7th to the 9th of October, and will be open to the public in the following times: Thursday, October 7th from 9.00 am to 6.00 pm; Friday, October 8th, from 9.00 am to 6.00 pm; Saturday, October 9th, from 9.00 am to 6.00 pm. The opening time may be subject to changes that will be notified as soon as possible.

Art. 2
Centro Fiera of Montichiari provides the lots at the fees (after VAT) stated in the REGISTRATION FORM, the halls and the equipped areas including the lighting fixtures, heating, water and relevant sewage connection, pre and post event cleaning service, night watch premises surveillance, daytime security outside of the premises and coordination for stand access, event promotion in trade press, newspapers, radio and billboards. The fees stated in the REGISTRATION FORM **do not include any sort of assembly and/or partition walls between the stands**. Centro Fiera of Montichiari reserves the right to confirm and accept the application form according to its unreserved judgement without any obligation to provide reasons for such choice. The applicant must produce a statement from the Chamber of Commerce should Centro Fiera of Montichiari so require.

Art. 3
The applicant shall send to the offices of Centro Fiera of Montichiari, by and no later than 28th of May 2027, the participation form. **In case of partecipation form sent before 29th of January 2027, the payment shall be made before 26th of March 2027. In case of partecipation form sent after 30th of January 2027, the applicant shall send the participation form as well as a down payment, meant as a deposit, equal to 30% of the total amount.** The payment shall be made out by wire transfer to Centro Fiera S.p.A. - Via Brescia, 129 - 25018 Montichiari (BS) to the following account: BANCA VALSABBINA - Filiale di Montichiari cod. IBAN: IT85S0511654780000000003266 - BIC: BCVAIT2V - SWIFT: BCVAIT2VMON. Any bank fees are charged to the exhibitor. Upon payment of the deposit and upon payment of the balance, to be made out no later than 16th of July 2026, the relevant invoices shall be issued.

Art. 4
Registration form presented by Agents, Representatives or Exclusive Ven¬dors must be accompanied by the **"ORDER FORM E FOR REPRESENTED COMPANIES"**, which can be downloaded from the exhibition website at the address www.reasonline.it or requested from the Organizing Secretariat. For represented foreign companies, in compliance with new regional regulations with regard to the international nature of exhibitions, all Agents, Representatives or Exclusive Vendors of foreign companies must send, along with the "ORDER FORM D FOR REPRESENTED COMPANIES", a declaration on the represented company's headed letter paper signed by a legal representative thereof, attesting to the exclusivity of the agency or detailing any other representatives covering the Italian territory. For represented Italian companies, a declaration must be supplied on the represented company's headed letter paper and signed by a legal representative there of attesting to the existence and permanency of the relationship with said company. All Applicant Companies must give written notice of any variation or addition to the "ORDER FORM E FOR REPRESENTED COMPANIES". The Exhibitor is required to pay a fee of euro 100.00 for each company represented in addition to the first. Any omission, on the part of an Applicant Company, of the name or names of a firm or firms in the "ORDER FORM D FOR REPRESENTED COMPANIES" will automatically exclude said firm or firms from appearing in any way (including brand, trademarks or products) as Exhibitors at the stand or in the Exhibition Guide and in the Exhibition Online Catalogue. The Exhibitor is required to pay a fee of euro 100.00 for each house represented in addition to the first. If the above conditions are infringed, the Organiser will send a request to the person nominated in the Application form asking to regulate the situation and, if the infringement persists, the Organisers will be entitled to proceed with the erasure and/or removal from the stand of the name and trademarks of the firm represented and its products, entirely at the liability, risk and expense of the stand holder.

Art. 5
From 1 January 2011, in accordance with DLGS no. 18/2010, application of EU Directive no. 8/2008 foreign exhibitors as taxable entities are no longer required to pay VAT in addition with participation fee and services related to the fair **except for non-taxable persons (eg individuals)**. In order to identify the type of customer (taxpayer / non-taxpayer), it is compulsory to receive information about VAT identification code or other appropriate documentation before the issue of the invoice. It is therefore **essential** that Registration Forms include the information requested. Otherwise, Centro Fiera spa will issue invoices subject to Italian tax requirement.

Art. 6
Centro Fiera of Montichiari guarantees the operation of a suitable power system with the following features: connection to power supply single-phase or three-phase up to 1 kw, usage included, for total euro 250.00 + vat. Any further enhancement need to be agreed upon with the administration office of Centro Fiera of Montichiari; connection to power supply is subject to a certificate of conformity of the stand's power system.

Art. 7
For assembly purposes, the trade-fair premises are available on Monday October 4th, from 2.00 pm to 8.00 pm, Tuesday October 5th and Wednesday October 6th from 8.00 am to 8.00 pm unless otherwise provided due to force majeure. In the days open to the public, the exhibitor may access the premises one hour prior to the opening time. **During the days of the event small goods may be carried into the premises only by hand of with the exhibitor's own trolleys and only in the hour preceding the opening time. In the days open to the public the access to the premises with any vehicles is forbidden.**

Art. 8
The allotment of the stands will be performed by Centro Fiera of Montichiari bearing in mind of the exhibition area and any possible technical requirements and requests by the organizer, including the allotment of stands with 2, 3 or 4 open sides. The surface reserved in the application form is absolutely not binding for the organization secretariat. For any technical and organizational requirements Centro Fiera of Montichiari may, to its unreserved judgement, move or reduce the allotted space, also by displacing it to another area, up to 24 hours prior to the date scheduled for the beginning of the event without having to notify in writing the counterpart. The exhibitor shall not be entitled to any refund and/or compensation.

Art. 9
The exhibitors undertake to respect the scheduled times in which the event is open to the public and to leave the stand open to visitors without any sort of visual impediment. **The exhibitors also undertake to follow the closing time of the event. It will not be possible, even during the disassembly day, to package or move anything before the time scheduled by Centro Fiera of Montichiari.**

Art. 10
A company that has registered for the trade fair by submitting an Application for Participation may withdraw from the contract by July 16, 2027, by providing notice **via registered mail or certified email (PEC) to centrofiera@registerpec.it**. In such a case, the Centro Fiera shall retain the registration fee and any deposit already paid, without prejudice to its right to seek compensation for any further direct and/or indirect damages. Should such notice be received by the Centro Fiera after July 16, 2027, the company shall be required to pay not only the registration fee but also the full amount specified in the signed Application for Participation; this is without prejudice to the Centro Fiera's right to claim compensation for any further direct and/or indirect damages by way of a penalty.

Art. 11
The exhibitors may not:
1) Sell with immediate delivery on the spot to the client, unless otherwise provided by Centro Fiera of Montichiari;
2) Transfer, fully or partially, or swap the assigned stands with any third parties;
3) Display the prices with the exceptions of those areas where Centro Fiera of Montichiari allows it;
4) Display products not corresponding with the product category for the stand as it is described in the official trade-fair documents;
5) **Display signs or samples, not even for explanatory purposes, on behalf of companies that are not included in the application and are not represented**;
6) Perform anywhere in the premises, including the parking area, promotion and/or explanatory activities with fliers and/or posters relating to similar events in the same industry, to be held at other premises, on penalty of exclusion and immediate expulsion from the event. The exhibitors are entitled to perform and promotional activities in their exhibition stand for their own company and/or others they represent, as long as this is done in accordance with the laws in force.

Art. 12
In case of direct sale the exhibitors undertake to apply the regulation on "RIGHT TO CANCEL A PURCHASE OUTSIDE OF A STORE". Exhibitors making sales must comply with current tax regulations, with particular regard to the provisions regarding the appointment of a Tax Representative, in the case of non-resident foreign exhibitors and/or companies without a permanent establishment in Italy.

Art. 13
In case an exhibitor should not take possession of the allotted stand by 12.00 pm of October 6th 2027, Centro Fiera of Montichiari reserves the right to allot the same stand to other exhibitors without any obligation to refund.

Art. 14
For all amounts due, Centro Fiera of Montichiari has the right to hold back all the goods and setting, up to the total balance, plus interest and any other charges.

Art. 15
Centro Fiera of Montichiari shall provide, in its own interests, a regular night watch service in the premises, declining any liability for any theft or damage of the goods exhibited in the stands or stored anywhere in the tradefair premises. The storage and surveillance are the duty of the exhibitors during the opening time of the event, as well as in the assembly and disassembly phases. **It is specifically recommended to the exhibitors to remain in the stand for the entire opening time. The exhibitors must underwrite a suitable insurance policy with a major insurance company, for coverage of any related risks, including third party liability, damages to third parties and properties, fire, water leakage and spillage, etc. The exhibitors will also be responsible for any damages to people and objects caused by the equipment found in the allotted stand**. The insurance coverage shall last for the entire time between the assembly of the stand and the end of the disassembly operations of the same. The exhibitors must keep in their stand a copy of the documents attesting the insurance policy hereby required hereby in case of an inspection carried out by the personnel of Centro Fiera of Montichiari and/or by the surveillance contractors.

Art. 16
The event is scheduled to end on Saturday 10th at 6.00 pm after the closing time to the public. Thus, for reasons of public safety, the exhibitors are forbidden to disassemble their own stands. It is forbidden to move vehicles and equipment during the opening days of the event. The exhibitors are allows to exit the tradefair premises with their exhibited vehicles, goods and or equipment after 6.30 pm on Saturday, October 9th 2027.
The disassembly operations are permitted on Saturday, October 9th from 6.00 pm and 9.00 pm and Sunday, October 10th from 8.00 am to 6.00 pm. Should the clearance of the stand not take place within the above time, Centro Fiera of Montichiari reserves the right to remove and store the material and the defaulting exhibitor shall be required to refund any expenses paid for removal, clearance and storage of the same material. Early dismantling and/or removal of material or booth space are strictly prohibited during exhibition hours and before the last day of the event and will result in the automatic application of a penalty, calculated on the basis of the square metres assigned:
- euro 1,500.00 up to 64 sqm
- euro 3,000.00 from 64,5 to 120 sqm
- euro 5,000.00 over 120 sqm

The Exhibitor may also be excluded from any future editions of the Event. Centro Fiera of Montichiari shall provide, in its own interests, a regular night watch service in the premises, declining any liability for any theft or damage of the goods exhibited in the stands or stored anywhere in the tradefair premises. The storage and surveillance are the duty of the exhibitors during the opening time of the event, as well as in the assembly and disassembly phases. It is specifically recommended to the exhibitors to remain in the stand for the entire opening time. The exhibitors must underwrite a suitable insurance policy with a major insurance company, for coverage of any related risks, including third party liability, damages to third parties and properties, fire, water leakage and spillage, etc. The exhibitors will also be responsible for any damages to people and objects caused by the equipment found in the allotted stand. The insurance coverage shall last for the entire time between the assembly of the stand and the end of the disassembly operations of the same. The exhibitors must keep in their stand a copy of the documents attesting the insurance policy hereby required hereby in case of an inspection carried out by the personnel of Centro Fiera of Montichiari and/or by the surveillance contractors.

Art. 17
Exceptionally and upon consent of Centro Fiera of Montichiari, the machines displayed may be turned on as long as it does not constitute danger and/or nuisance to anyone. The exhibitors must equip the displayed machines/equipment with devices that prevent injuries, fire, noise (75 decibel maximum), smells and the emission of gas, liquids or dangerous substances. In addition the exhibitors must comply with the inspections and provisions set forth in the laws and regulations in force in order to obtain from the competent authorities the required authorizations, namely, the provisions on safety set forth in Legislative Decree 81/2008, Presidential Decree 25/07/1996 n. 459 (and following amendments and inclusions) with regard to the Machine Directive, Ministerial Decree n. 37/2008 and the CEI standards on power systems, the regulations in force on the use and labelling of dangerous substances, the standards on pressure devices and about hoisting machines, both for the operating and exhibited machines and systems. Suspended loads are strictly prohibited. The exhibitors releases Centro Fiera of Montichiari from any damage that may occur to the exhibitor's and/or third party personnel caused by the failure to comply with the regulations in force.

Art. 18
As regards stand assembly equipment, power system and connection, water connection hazardous substances and work safety (Legislative Decree 81/2008 the exhibitors must comply with the following regulations:
a) The material to be employed for stand assembly (partitions, backdrops, structures, pallets, lining, fabrics, deckheads, curtains and rugs, etc.) must be fireproof and self-extinguishing, fire reaction class 0 or 1 maximum, in compliance with Ministerial Decree 15/03/2005 and following amendments and inclusions. **It's compulsory to install fire extinguishers in each exhibition area, in a visible, accessible and adequately signaled position, specifically one in every 50 m2 area or part of it**. Please notice that the exhibition activity is considered to be at high risk of fire pursuant to D. M. 10 March 1998.
b) The driver of the vehicle dealing with loading and unloading operations should: address to the Centro Fiera staff and wait for instructions. It is forbidden to exceed 5 km/h speed within all the exhibition area. The driver must move at a walking pace and approach very slowly to the loading and unloading area; after making sure of the absence of obstacles. It is forbidden to walk around the loading–unloading area. If there could be the possibility of this kind of danger there must be one person in charge of keeping eye contact with the driver. After having completed all operations, the vehicle must be stopped in the first gear, put the handbrake on and, if necessary block wheels with a chock. The person giving instructions to the driver must wear a high visibility jacket and keep constant eye and verbal contact with the driver, who must keep the vehicle window open and make sure that there's nobody behind. Before

engaging the reverse gear, stay slightly warded off the moving vehicle and do not stop in the vehicle operating area. The driver waiting for the end of the loading–unloading operations must be at disposal nearby the vehicle, stay in a safe place and cannot go to other areas if not explicitly authorized. Please use pedestrian aisles to walk, paying attention to operating vehicles.
c) All electrical installations within the stands, including connections to the existing systems at Centro Fiera Montichiari, are the sole responsibility of the exhibitor. Such installations must be carried out in a "workmanlike manner" (in accordance with best professional practice) and in compliance with the most recent applicable mandatory and technical regulations (Ministerial Decree no. 37/2008, as amended and supplemented). A declaration of conformity for the installations, issued by the installer, must be available. For mobile equipment powered by flexible cables, the length of the flexible cable must be kept to a minimum. Control and protection devices must be located in an area reserved exclusively for authorized personnel; they must be easily accessible, open to inspection, and kept free of any obstructions. All electrical equipment—with the exception of double-insulated devices—as well as all sockets and metal structures, must be properly grounded in accordance with best professional practice. Lighting fixtures must be flame-retardant and resistant to ignition, in compliance with CEI (Italian Electrotechnical Committee) standards. They must be mounted at a sufficient distance to prevent the overheating of exposed surfaces (CEI 64-8), securely fastened—without placing strain on the power supply cable—and protected against accidental falling or structural failure of their supports. Lamps must not be within reach and must be installed at a height of at least 250 cm from the floor. It is prohibited to leave the power supply to the stands active during the hours when the exhibition center is closed. If any equipment requires a continuous power supply, it must be connected to a dedicated electrical circuit.
d) Centro Fiera Montichiari provides electrical power with the same specifications as that supplied by the utility providers. Each registered company acts as a potential user and is prohibited from transferring electrical power to third parties. Service electrical outlets may be used by exhibitors and stand contractors exclusively during the setup and dismantling phases for tasks requiring the use of small tools; during these periods, temporary connections of stand installations to the power supply network are not permitted.
e) Regarding the installation of a water supply system, the exhibitor must submit a specific request to Centro Fiera Montichiari. The exhibition halls and outdoor areas are equipped with a water supply and drainage network. Any equipment owned by the exhibitor or stand contractor that is to be connected to the exhibition center's water network must be in perfect working order to avoid any issues during the event. The exhibitor is liable for any damage resulting from malfunctions in their own equipment or the installed system. A declaration of conformity for the installations, issued by the installer, must be available.
f) Upon securing their exhibition space, the exhibitor shall receive an excerpt from the emergency management plan for the exhibition grounds. With regard to the safety and health protection of workers in the workplace, as per Legislative Decree 81/2008, the exhibitor declares that they have provided their employees, collaborators, assembly personnel, and all other staff involved in the event with detailed information regarding the specific risks present within the exhibition grounds, as well as the preventive measures adopted in relation to their own activities. The exhibitor declares that they—and any subcontractors—possess the necessary technical and professional qualifications for the activities carried out within their designated area and/or stand, and that they will implement all measures required to prevent and eliminate any risk of interference with third parties, in accordance with Article 26 of Legislative Decree 81/2008. The exhibitor further declares: that they will ensure the safety of their own personnel and the personnel of any suppliers (such as stand builders) by strictly adhering to current regulations on workplace safety and hygiene; that they have received information regarding the specific risks of the exhibition grounds, pursuant to Article 26 of Legislative Decree 81/2008 and the Interministerial Decree of July 22, 2014; that they have conducted a risk assessment and fulfilled all obligations under Legislative Decree 81/2008; that they will use machinery and equipment that are well-maintained; and that they will comply with all applicable labor laws regarding their own employees and those of any suppliers. g) Exhibitors are prohibited from using and/or keeping within their stand any substance classified as hazardous under Directive 1999/45/EC and its subsequent amendments and additions (including substances that are irritant, corrosive, highly flammable, harmful, toxic, explosive, oxidizing, extremely flammable, very toxic, or hazardous to the environment). Should an exhibitor need to use and/or keep one or more of the aforementioned hazardous substances for the purposes of their activities, they must notify Centro Fiera Montichiari by completing the appropriate form at least 10 days prior to the date the exhibition opens to the public. In all cases, any hazardous waste must be collected using appropriate means and disposed of directly by the exhibitor in compliance with current regulations.
h) Exhibitors must keep all certifications relating to points a, c, d, e, f, and g within their stand, making them available for inspection by Centro Fiera Montichiari staff and/or the relevant public regulatory authorities.
i) In accordance with current safety regulations—specifically Legislative Decree 81/08 (as amended) and the Interministerial Decree of July 22, 2014—the exhibitor, acting as the commissioning party, shall implement the measures required for temporary or mobile construction sites, as set forth in Title IV of the aforementioned decrees. Each party responsible for assembly or dismantling must assess the risks associated with their operations, maintain an "Assembly and Dismantling Plan," and, where required, issue their own "Operational Safety Plan" (POS).
l) **For safety reasons—and to prevent potential explosions and/or interference with the facilities and installations at the Montichiari Exhibition Centre—the use of any type of pressurized or lighter-than-air (aerostatic) balloon, including for promotional purposes, is prohibited throughout the entire venue, both indoors and outdoors. The use of air-supported (pressurized) structures is likewise prohibited.**
m) For safety reasons and to avoid interference with the facilities and installations at Centro Fiera Montichiari, hanging items from the ceiling or structures is prohibited.
n) Vehicles displayed inside the exhibition halls during opening days must contain only the minimum amount of fuel necessary in their tanks.

Art. 19
a)**All assembly elements shall have to fit into the allotted stand surface**, which may be recognised within the relevant signals. The operators and assemblers who happen to operate at a height exceeding 250 cm must comply with the regulation on falling hazard. The setup must not be less than 250 cm in height. Operators and installation personnel working at a height exceeding 200 cm are required to comply with current regulations regarding the prevention of falls from a height.
b) **Walls bordering another stand must be finished on the visible side—even if the neighboring exhibitor also installs a wall—unless a direct agreement is reached between the parties regarding any portion that exceeds the standard height or concerning all relevant sides.** Trademarks and company logos, if oriented toward adjacent parking spaces, must be mounted on structures positioned at least 100 cm away from the boundaries.
c) In the event that an exhibit structure exceeds a height of 250 cm, the exhibitor must submit the stand design to Centro Fiera Montichiari at least 30 days prior to the start date of the event in order to obtain the necessary authorization. Failure to comply with this requirement will result in the structure being deemed unauthorized, and Centro Fiera Montichiari reserves the right to object to its construction. Within the exhibition halls, false ceilings are permitted only if constructed using grid or perforated panels that allow for the proper operation of the heating system.
d) Non-standard exhibit structures must be authorized by the Exhibition Centre and must be accompanied by a design plan stamped and signed by a qualified professional, along with the relevant technical documentation. The use of prefabricated structures, scaffolding, staging, etc., must strictly adhere to all safety regulations. It is understood that the exhibitor bears full responsibility for the structural stability of their exhibits and, consequently, releases Centro Fiera Montichiari from any liability for damages—whether to the exhibitor themselves or to third parties—arising from defects in the exhibit structures.
e) **When laying carpet, the Exhibitor/Stand Contractor must use a specific double-sided tape that can be removed subsequently without damaging the underlying surface. In the event of non-compliance, Centro Fiera Montichiari reserves the right to charge the Exhibitor for the costs incurred in restoring the surfaces to their original condition.**
f) In accordance with the Interministerial Decree of 22/07/2014, any structures exceeding 2.5 meters in height must be approved in advance by the Exhibition Center and must be accompanied by a design plan stamped and signed by a qualified professional, along with the relevant technical documentation. In any case, such structures must not obstruct the visibility of neighboring exhibitors. Therefore, for stands located in halls 1, 5, and 8 with an area of less than 47 sqm, the maximum permitted height is 4 meters; for stands in halls 1, 5, and 8 with an area of 48 sqm or more, the maximum permitted height is 5 meters; for stands located in halls 2 and 7, the maximum permitted height is 4 meters.
g) The enclosure of the open sides of a stand must not compromise the aesthetic appearance of the exhibition or negatively affect neighboring stands (e.g., by obstructing views or blocking aisles), as determined by the Exhibition Center. For stands measuring 64 sqm or larger, the enclosure of any side must not exceed 50% of the length of that side. Walls adjacent to the exhibition spaces of other companies must feature a neutral, professional-quality finish on the side facing the neighboring stands.
h) For areas exceeding 100 sqm, the construction of mezzanines is permitted, subject to a feasibility check and authorization from the Exhibition Centre. The mezzanine area may be used exclusively as an office space and/or for receiving clients; it may not, under any circumstances, be used for the presentation of products. The surface area of the mezzanine—excluding access stairs—may not exceed 50% of the total stand area and, in any case, may not exceed 200 sqm in total (regardless of the size of the stand itself) or 6 meters in height (applicable only to Halls 1, 5, and 8).
i) The construction of raised platforms (flooring) is permitted, provided that it complies with regulations regarding the removal of architectural barriers. **Each platform must be connected to the pavilion floor surface and, in areas intended for public access, must be equipped with steps having appropriate riser and tread dimensions, as well as at least one ramp with a slope not exceeding 8%.** Steps or ramps must not obstruct public walkways in the aisles. The edge of every platform must be marked with appropriate color-coded elements. The construction of platforms exceeding 0.15 meters in height is subject to specific authorization from Centro Fiera Montichiari, in accordance with current regulations.
l) Electrical cables laid on the floor must be protected using cable conduits suitable for pedestrian and/or vehicular traffic; **in any case, placing such cables under carpeting is prohibited.**
Having reviewed the regulations—specifically Articles 15, 16, 17, 18, and 19—the exhibitor declares their full acceptance of these terms, assuming complete civil and criminal liability. Furthermore, the exhibitor agrees to indemnify Centro Fiera Montichiari against any civil or criminal liability arising from any shortcomings, damages, or impediments resulting from a failure to comply with the aforementioned regulations.

Art. 20
The stands and the displayed products may not be photographed, filmed or reproduced in any way unless specifically authorized by the relevant exhibitors and Centro Fiera of Montichiari. Centro Fiera of Montichiari reserves the right to reproduce and authorize the reproduction of indoor overviews or indoor or outdoor details. Centro Fiera of Montichiari is not liable for any unlawful reproduction of stands and the exhibited goods.

Art. 21
Video, still, multimedia and audio devices that are used in the stand must be reported to S.I.A.E. competent, 30 days before the beginning of the event for the purpose of paying the prescribed rights should video or audio property of authors members of S.I.A.E. be broadcast. For further information, contact the offices of the organizing secretariat. The use of such devices is allowed as long as it does not cause a nuisance to the other exhibitors and the public (75 decibel maximum). In such case Centro Fiera of Montichiari reserves the right, to its unreserved judgement, to stop the operation of such device.

Art. 22
Centro Fiera of Montichiari reserves the right to suspend, postpone and/or cancel the event to its to its unreserved judgement and /or due to force majeure such as natural disasters, health emergencies, pandemics, government decrees, binding provisions of the Health Authority, etc.. The exhibitors shall be entitled to the refund of the amount paid at the date of suspension, postponement or cancellation of the event.

Art. 23
Access to the event is free of charge, upon registration on the website www.reasonline.it.

Art. 24
For anything that is not provided hereby, please refer to the motion approved by the Municipal Council with ruling n. 112 dated 3/12/92 and the regulation approved for the purpose by Centro Fiera of Montichiari.

Art. 25
Centro Fiera of Montichiari reserves the right to print, either directly of by means of a specialized contractor, a catalogue of the event containing indications about the participants and their applications accepted by 26th of June 2026. Centro Fiera of Montichiari is not to be held liable with regard to the date of issue of said catalogue and for any mistakes made in filling out, or misspelling, layout or typographical errors or omissions that may arise at the print of the same catalogue. Centro Fiera of Montichiari may also, without any liability regarding errors and omissions, print and circulate other publications of any nature with which it reserves the right to describe and promote the event at any time and to any regard, both in Italy and abroad.

Art. 26
The participant declares to have read, before signing this Regulation, through the website www.centrofiera.it/trasparenza the Organization, Management and Control Model (M.O.G.) pursuant to Legislative Decree 231/2001 and the Code of Ethics adopted by Centro Fiera S.p.A., to respect and adhere to the principles contained therein. Failure to comply or ineffective implementation, even partial, of the behavioral obligations and duties expressed in the aforementioned documents constitutes a serious breach and will result in the ipso iure termination of the participation contract, pursuant to Art. 1456 of the Civil Code.

Art. 27
ANY CONTROVERSY SHALL BE SUBJECT TO THE AUTHORITY OF THE COURT OF BRESCIA.

THE COMPANY IS KINDLY REQUESTED TO RESERVE AS SOON AS POSSIBLE THE EXHIBITION STAND FOR THE PURPOSE OF CONFIRMING THE LOT ACQUIRED FOR THE PREVIOUS EDITION, UNLESS OTHERWISE INDICATED BY US (Art. 8)

The undersigned company hereby confirms its acceptance of General regulations.
